

### Directions to the K9 Freedom Field:

Use the post code LE14 4UD to bring you to the area, however it will not bring you directly to the right place. We suggest you use the following directions and take a look at all the photos in this document.

Turn off Melton road when you see the following signs:

**Towns Agriculture, Scalford Station,  
The K9 Concept/K9 Freedom Field.**

Drive to the end of the road and through the gates. Place your hazard lights on and keep to the right so you drive around the weighbridge.

Please drive slowly through the yard all the way to the end and park beyond the two green containers.

Please make sure when leaving the field, that you lock the gate (see photo of correct way).

There is a wash station to your left as you exit the field, which you are welcome to use. Please rinse down after use. Thank you.
